

Welcome and Introduction:

This is EXPLORIGMA, ENIGMA's introduction to freshers and the art of programming.

[APPLAUSE]

My name is Kaushik Dash/pri. And I actually attended this introduction, EXPLORIGMA, myself, a years ago. And I came in here thinking I was going to join the team.

But I got up the nerve to go over the threshold, sit in on the interview, just shop it, so to speak. And I was hooked. I found that tasks were, for the first time, fun. But fast forward to some weeks later in the semester, I actually inducted into ENIGMA, deciding, wow, this is actually something for me.

****Host Intro:****

Host:

(Greetings) to all the wonderful folks here.

This is EXPLORIGMA, ENIGMA's introduction to freshers and the art of programming.

My name is Kaushik Dash/pri. And I actually attended this introduction, EXPLORIGMA, myself, a years ago. And I came in here thinking I was going to join the team.

But I got up the nerve to go over the threshold, sit in on the interview, just shop it, so to speak. And I was hooked. I found that tasks were, for the first time, fun. But fast forward to some weeks later in the semester, I actually inducted into ENIGMA, deciding, wow, this is actually something for me.

Respected teachers, seniors, and dear juniors,

Today, I'm excited to be your host through this delightful evening at our ENIGMA TEAM's orientation program.

Ground rules

Setting the expectations and ground rules for the event.

Please sit calmly and get into this interesting session.

1. Please sit calmly and get into this interesting session.
2. You are requested to put your phone in silent mode.
3. Feel free to ask queries.
4. Raise your hand to ask queries.

****About ENIGMA:****

Host: ENIGMA, our Web and Coding Club, is like a community playground where students come together to explore the world of web development and coding. Since 2011, ENIGMA has been a bustling hive of activity, welcoming over 250 students. Our mission? To foster a coding culture on campus and equip curious minds with the technical skills to tackle real-world challenges. From workshops to hackathons, ENIGMA is all about sharpening those coding skills and making a tangible impact in the tech world.

****Faculty Intro:****

Host: Let's give a warm welcome to our esteemed faculty advisor of ENIGMA, Mr. Suresh Kumar Srichandan Sir and Aleena Mishra maam, and the VP of Technical

Society, Mr. Bidhyadhar Rout sir. We truly appreciate you gracing us with your presence and sharing your insights.

*****Speech by Faculty Advisor:*****

Host:

Now, it's an honor to invite Mr. [Name] to share his thoughts with us. Sir, please take the floor.

*****Speech by VP Technical Society:*****

Host:

Next up, let's welcome Mr. [Name], a person of principles. Sir, we're eager to hear your words.

*****Achievements:*****

Host:

Before we dive into the exciting domain showcases, let's take a moment to celebrate some remarkable achievements. From landing internships to winning hackathons, our ENIGMA members have been making waves in the tech world. Let's give them a round of applause for their incredible accomplishments!

- Soumya Sagar Samal from Sophomore year selected for MLH prep fellowship 2023.
- Ankush Behera participated in EthAbuDhabi Hackathon and his project won a bounty of USDC 140 by Blockscout.
- Swastik Gorai and team qualified for the ICPC Regionals.
- Ananya Mohapatra and Rohit Kumar were the winner of the Web hackathon, Webster organised by NMIMS and Unstop
- Club members placed in companies like Incture, Deloitte, iServeU, NCompass, Solytics
- Multiple rank holders in platforms like codechef, codeforces, leetcode, hackerearth, geeksforgeeks
- Pallav Kumar Patra and Debabrata Mohapatra qualified for the TVC EPIC Semifinal.
- Our club conducted the Lift-off-C event in which over 200 students participated and 143 received merit certificates on completion of the course
- Sruti Smaranika Kar secured fifth position in All in Women Only Hackathon.
- Multiple students got selected in the Flipkart GRID
- Two students got selected in the Tata imagination challenge 2023

****Domain Introductions and Project Showcases:****

[Proceed with showcasing the diverse domains covered by ENIGMA and their respective projects.]

****Interactive Session:****

Host:

After all those inspiring talks and impressive projects, it's time to lighten the mood with an engaging quiz session. Get ready to test your knowledge and have some fun!

[Proceed with the interactive quiz session.]

****Q/A Round:****

Host:

Now, let's open the floor for a quick round of Q&A. Feel free to ask any questions related to our club, projects, or anything else you're curious about. We're here to answer them all!

****Lift Off-C++:****

Host:

Before we wrap up, here's an exciting announcement! ENIGMA, in collaboration with various tech hubs, brings you the eagerly awaited Lift Off-C++ program. Registrations will be opening soon, so stay tuned for your chance to dive into the world of coding!

****Vote of Thanks:****

Host:

Last but not least, a heartfelt thank you to each and every one of you for being a part of this incredible orientation. Your presence and participation have made this event truly special. Let's give a big round of applause to our chief guest, faculty advisor, and all our attendees for making today a huge success!
